

MUNAF BADARPURA

Software Engineer ◇ Gujarat, INDIA

munafbadarpura11@gmail.com ◇ [linkedin.com/in/munafbadarpura](https://www.linkedin.com/in/munafbadarpura)

SUMMARY

Passionate B.Sc. IT student specializing in Computer Science with expertise in Java, Spring Boot, MySQL, HTML, CSS, and C++. Proficient in designing and optimizing high-performance backend systems. Experienced in building REST APIs, implementing security, and managing databases. Driven to solve complex backend challenges and contribute to impactful projects in the tech landscape.

EDUCATION

Bachelor of Science in Information Technology , Gokul Global University Expected 2026

Higher Secondary Education - 89.23 Percentage 2023

SKILLS

Backend	Java, Springboot, Rest APIs, Spring Data JPA, Spring Security
Databases	MySQL, MongoDB
API Testing	Postman, Swagger
Tools	Git, GitHub, GitLab, Maven
IDE's	IntelliJ IDEA, Visual Studio Code
Programming Languages	Java, C, C++, JavaScript

PROJECTS

ERP SYSTEM

<https://github.com/MunafBadarpura/SIMPLE-ERP-SYSTEM>

- Developed an ERP system to efficiently manage business operations, including suppliers, customers, product inventory, and account balances. Features include viewing all account transactions and secure user authentication using Spring Security.
- Key Features: Authentication, Manage Supplier, Customers, Product inventory, Maintain account, Track transactions
- Tech Stack: Java, Spring Boot, Spring Data JPA, Hibernate, Spring Security, SQL, Swagger

COLLEGE MANAGEMENT SYSTEM

<https://github.com/MunafBadarpura/COLLEGE-MANAGEMENT-BACKEND>

- Developed a College Management Backend system to assist college administration staff in managing students, professors, subjects, and admissions efficiently. The system simplifies administrative operations.
- Key Features: Manage students, professors, admission records
- Tech Stack: Java, Spring Boot, Spring Data JPA, Hibernate, Spring Security, SQL, Swagger

CERTIFICATIONS

Backend Development - PW Skills Certificate No: 3a8a3aad-08f8-4da1-ad4d-2ba6b0c44e2a Learned HTTP and Internet Protocol, HTTPS, REST APIs, MongoDB.

Spring Framework 6 and Spring Boot 3 - Udemy (Telusko) Certificate No: UC-ce4c04d0-3ff2-4aae-92b2-563a8418aab4 Learned Dependency Injection, Spring MVC Architecture, Spring Data JPA, Spring Security.

Git and GitHub - Udemy (Telusko) Certificate No: UC-b60c8c3c-5752-419b-8a87-99a314bb5a40 Learned Version Control Concepts, Git Commands, Branching, and Merging.
